Freedom of Information request

Thank you for your request for information under the Freedom of Information Act 2000, which was received by the Trust on 15/02/2022. Please see responses to your requests below.

1) For each month since December 2020, please provide the:

- a. The number of deaths amongst people who have received at least one COVID injection**
- b. The number of deaths amongst people who have not received any COVID injections**
- c. The cumulative total number of people who have received at least one COVID injection**
- d. The total number of people aged 18 or older.**

2) For each individual month since December 2020, for the illnesses reported on the Yellowcard system, what is the rate per 100000 people of each illness amongst those who have received at least one COVID injection?

What is the rate per 100000 people for these conditions amongst those who have not received any COVID injections for each month?

3) For each individual month since December 2020, what is the infant mortality rate for breast feeding mothers who have received at least one COVID injection and those mothers who have not received any COVID injections?

4) For each individual month since December 2020, what is the miscarriage rate for expectant mothers amongst those who have received at least one COVID injection and for expectant mothers who have not received any COVID injections.

5) How many children under 18 years old have been diagnostic with Myocarditis and Pericarditis after COVID-19 vaccination.

Patient's vaccination status is not held by the Trust, it is held centrally via the National Immunisation Management Service which lists details of all medical information including covid vaccinations, therefore, to extract this information, we would have to search through a significant amount of patient records. It is estimated that to attempt to retrieve all the information you require would take a considerable amount of retrieval time, which would exceed 18 hours. This would exceed the appropriate limit for dealing with a Freedom of Information Request, in terms of costs and therefore Section 12(1) of the Freedom of Information Act 2000 applies.

Please accept this letter as completion of your request. Please note that copies of this request will be held on file for three years before being confidentially destroyed.

If you are dissatisfied with the outcome of your request, please contact our Head of Information Governance on Information.Governance@porthosp.nhs.uk or write to the above address and we will conduct an internal review. Upon review, if you are still dissatisfied, you may appeal our decision by contacting the Information Commissioner's Office; for more information, please visit the [ICO's website](#).

Please be aware, if we do not receive an appeal within 30 days of you receiving this letter, we will assume that you are satisfied with our response. If you have any further queries, please do not hesitate to contact us.

Yours sincerely

Freedom of Information Team
